MAN-ON-THE-GROUND Are repeated travel and accommodation costs, lack of available time, and Covid restrictions limiting your ability to assess properties of interest for yourself? Do you lack confidence in what 'For Sale' adverts show, and more importantly, what they don't show? Is your inability to react quickly costing you an opportunity at those gem properties that sell so quickly? If so, then as your Man On the Ground, I can react promptly, visit the property and objectively present its realities to you in high quality colour corrected photographs, HD aerial footage of the property and its locale, floor plans, damp reports, etc. Reliably informed, you can decide whether that property is worth pursuing or not. Books & Book publishing

Goggas Love them or hate them, insects are essential for the planet as decomposers, soil aerators and sources of food. This nonfiction children's paperback on bugs called Goggas: A collection of captivating creepy crawlies features insects found all over the world, including a few found only in sub-Saharan Africa (this may interest those feeling homesick). It has hard facts, fun rhymes and is illustrated by a child when he was aged between 3 & 15. The common, Latin, Shona and Ndebele names are given (the author Cheryl Robertson (Mandy) is Zimbabwean), and entomologists and other wildlife experts have verified all the facts. Available on all Amazon outlets, good for 8+ and adults too. Here's a link where you can also look inside.

Forest School / Outdoor Activities for Children

Casa da Floresta is a private property with 3 hectares, next to Ovelha river. It's located in the parish of Tabuado, Marco de Canaveses in the District of Porto. It's approximately a 40min drive by car from Porto.

The methodology that inspire us is Forest School, with brushstrokes of Montessori and Waldorf. Our aim is to create conditions to stimulate a healthy, full, child-led and inclusive child-youth development.

As an always present background is the communion with the forest and everything it has to teach about resilience, contemplation, tolerance, relaxation, ecology, biodiversity, respect, responsibility, pleasure, challenges, reflection, sharing, fun, cooperation and self-confidence.

Pete Mitchell

Over 10 years' experience in the Lagos & Luz areas offering maintenance and handyman services.

- Are you moving in, do you need access to a handyman for assembling furniture, hanging curtain poles & pictures?
- Moving out? Do you need all those holes filled and paint touch ups?
- Do you rent your property and need someone on hand to 'touch up' or 'quick fix' between bookings - install a key safe, fix a leaky tap, or paint one room?
- Are you a Guest House, B&B, Café, small Restaurant, or even a Rental Agency, needing the services of a handyman to stay on top of the odd jobs, without the need to employ someone full- time, just in case?

Over the last 10 years I have built up a network of clients from Surf Houses (B&B), privately owned villas & apartments, small Restaurants & Cafes, rented properties and rental agencies, all needing someone to call on for all those little jobs that larger businesses won't consider.

I have access to cleaners, locksmiths, pool guys and a reputable building contractor for larger jobs and complete renovations. Contact: Pete Mitchell 00351 938956897 (Whatsapp) or Email: pmitch66@gmail.com
